

National Robotics Innovation Competition

INFORMATION SESSION 1

■ Robot Safety!

ABB and SAE-A would like to invite you to partake in the first of our National Robotics Innovation Competition Information Sessions.

A number of information sessions will be held over the coming months including sessions on

- Project planning & Risk Management
- Robot Studio Training
- Presentation Skills

To launch the information sessions, we will be holding a free seminar on Robot Safety, presented by Roger Lim of Plant Safety Solutions.

The presentation will look into the OH&S requirements that need to be considered when designing robotic solutions.

Learn:

- The laws and standards in place for robots so that people remain safe.
- How you can assess if your robotics solution meets safety requirements.
- How to make sure your robot is prepared for emergency situations.

If you wish to attend you must register by the 23rd May. Please note you do not need to be a competition participant to attend.

To register:

Email your name to: robots@au.abb.com

With the subject: "Robotics Competition Safety Seminar"

Details:

Date: 26th May 2008

Time: 4:30pm for 5:00pm start

Finish around 7:30pm

(Drinks and finger food provided)

Location: ABB Australia Office

601 Blackburn Road

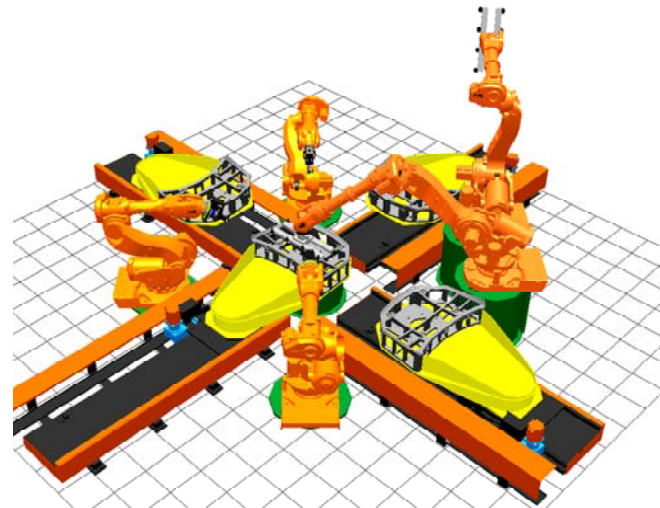

Notting Hill (Melway Ref 70 H8)

Dress: Smart casual

NEWS!: The ABB & SAE-A National Robotics Innovation Competition is now using [Facebook](#) as a tool to pass on information about events and to gain feedback from students. Join our group 'ABB & SAE-A National Robotics Innovation Competition'. The group is open to any students that would like to find out more information on the competition or would like to be involved with the events that we run.
